The timings provided are based on a three-ball playing in competition.

Members playing in competition **MUST** maintain their position on the course in relation to the timetable provided.

All Members have responsibility for resolution of slow play concerns. Reference to these guidelines will enable players to monitor their own pace of play and also that of others. Members should expect to be challenged by others if not maintaining the pace of play required.

If Members are unable to keep up with the game in front, the game behind **MUST** be played through.

How to avoid Slow Play

1. Having played a wayward shot, Members should immediately consider whether a provisional ball should be played. The Committee does not expect this decision to be made **AFTER** a ball is declared lost.
2. If the game behind is waiting on the tee and Members are looking for a ball, the game behind **MUST** be waved through.
3. When approaching a green, Members should consider where the next tee is located and leave clubs appropriately to ensure the green can be cleared promptly upon conclusion of play.
4. Walk smartly between shots.
